Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

Parent: My father passed away in the year 2006 and since then, my mother has faced a lot of challenges in bringing us up. She is self-employed. She makes sisal baskets which she sells to cater for our needs.

When I joined form one, I was allocated with Ksh 5000 bursary from the area chief and since then, it has only come twice. Therefore, I am always sent back home for my school fees and this has affected my academic performance.

Should I get the scholarship, it will have a big impact in my life. Since I am in form four, I will have enough time to stay in school and concentrate on my ~~st~~ studies from which I will work very hard and improve on my grades and hopefully join the university.

Since I am a school prefect and a peer counsellor, I will be able to carry out my duties more effectively as I will be in the school regularly.

Helping the needy children in the society has been my dream since I lost my father. After getting the scholarship I will work very hard until I join the university level and work in the legal field and therefore I will be able to support the poor children in the society.

I will also improve the living standards for our family by

building for them a better house and help to ease my mothers financial burdden.
