Continuation: Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

My mother works as a househelper is the breadwinner in a family of five people. I am in form two where I am a day scholar. Our home is in Mwingi West sub-county but when schools are open, I usually stay at my aunt's home. Although I am a day scholar, the little amount of school fees to be paid is done so with a lot of difficulty. I am always sent home to collect fees and often come back with the minimum amount so that I can join class.

Should you offer me this scholarship, I will continue with my studies without the difficulties I used to have. The money that was used to pay for my fee will now be used to satisfy some of our other needs. I will work harder than there before and make sure I have excelled in my KCSE examination and make it to the university.

Should you offer me this scholarship, I will help my classmates together with other

Children as I will be having more time in school than before. After I am through with my studies I will get a very good job which will earn me alot of money. I will help my siblings to complete their studies. I will also sponsor children from the community to complete their studies. I will also contribute to any fundraising.
