Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

is around a kilometre from the school

The main aim of applying this scholarship is to kindly ask for assistance in payment of school fees. This is because I come from a poor family of eight children and two parents. My parents are unemployed and depend on our small piece of land which is inadequate to keep five of us in school constantly. Since form one I have been frequently sent home for school fees. I usually come back to get a small amount. This makes me lose knowledge from my teachers.

If I get the scholarship, I will make sure I work very hard to further my education. This will also relieve my parents the burden in payment of school fees. While in school I will support my fellow students socially and in revision.

I would like to help others from a similar background to improve their education by supporting them after I finish my college education and secure a good job. This will improve their life on a personal level and the country at large.
