Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others.

The reason for requesting for the scholarship is because my parents are not able to pay for me school fees. My mother's job is not giving her enough money. My father's job is "boda" and sometime he faces many challenges because he has health problem of his chest. Sometimes he can carry a customer from one place to another, and he or she gives him small amount money. I have one elder sister who is in form three and my two siblings. My parents are not able to pay school fees for us. Every now and then I am sent home because my fees has not been paid. This makes me to dropⁱⁿ my academic performance. When I have been sent home, I find that my parents do not have money. They tell me to stay at home until they get money. Sometimes I can see how my parents are struggling ^{to} pay for us school fees. Sometimes I can be sent home and find my elder sister also at home because of school fees. When I get this scholarship I will not drop in my academic performance. I promise I will work

hard in my education. I will learn until I get to my dream career which ^{is} that of being a doctor. I will help other children like me, those whose parents are not able to pay their school fees and ~~those~~ ^{are} that ^{are} needy. The students who do not have parents I will also help them to get education ^{and} they realise their dream. Also I will encourage them, support them until they have a bright future like me.
